

The Platform of The Church of The Growing Glaux

A Testimony of the Growth of the Chosen to The
World

Written by Gavin Eby, The Chosen Growth

In my dream I slept in my parent's bed, fear within my bosom, as an Owl of 7-9 Feet in Length enters my parent's door, this fear was not just a fear of a giant owl, but the fear of Personal Growth, and Mystery, this owl is now within my consciousness, I am now the chosen growth, I am no hierarchy, or authority, or leader, but a suggestion of lifestyle that can come to those who read at any time, before, during, or after they read these sacred texts of my church.

The Fundamental Rules of Glaux Growth

1. You Shall not engage in Pseudoism's (The Act of being Pseudo)
2. You Shall not be ignorant when given insight
3. Do not assume that because Gavin is the Chosen Growth, that he is perfect in his doings, but instead in his teachings
4. You Shall not judge or invalidate someone based on the way of their body when it is determined at birth (Race, Ethnicity, Weight, etc.)
5. You Shall not invalidate based on someone's choice of clothes or the image of someone's appearance, for it is a fallacy
6. You Shall not stay within beliefs that have been proven in factual truth to be a fallacy, for it is ignorance
7. You Shall not be Ignorant in your beliefs, for many beliefs are flawed and fallacy
8. You Shall not invalidate based on someone's unrelated beliefs unless said belief is the root of their defense
9. You Shall not judge or invalidate based on someone's mental disorder or disability, because that does not determine their intellect
10. You Shall not judge or invalidate based on their possessions or social position, for it is a fallacy

The Way of Growing Glaux

The Way of the growing glaux is to know the fundamentals of life which is Survival

Multiplying

Any other form beyond this is the drive of humans to create value and purpose where there is none, why do I say this? All institutions, whether it be other religious positions and beliefs, political positions and beliefs, or

economic positions and beliefs, are all just humans creating value and purpose in their actions and beliefs, as unspecific and vague what I said may seem, it is crystal clear within the ones who desire Glaux Growth. When I say all institutions, this includes concepts and constructs of humanity as well, such as ideology, philosophy, etc.

2

How to be born again as a Glaux

The only way to be born again and grow as a glaux is to accept there is no value and purpose to life besides survival and breeding, and then have your morals set subjectively for all and everything, prepared in each experience you may or will come across so that you may outdo the ignorant and pseudoist's in wisdom, regardless of if your opponent claims false victory, you will always be the higher one teaching the lower, The Owl claiming territory of the Crow, regardless of the crows stagnant placement within it, for they lack intellect and ground their identity in ignorance. Identity is Everchanging, Ignorance is its grounding point. Accept every identity based on their abilities to think and personality, not a bias within any belief you still grasp to. I, Gavin, nor anyone who reads this is superior to anyone except the ignorant, we do not hate, unless it be the ignorant, we are a group of peace, unless the ignorant dare attack us physically or verbally, physical defense is for the violently Ignorant, Verbal Defense is for the Verbally Ignorant, We do not condemn Violence against those who are verbally ignorant. Accept the Human drive to create value and purpose, educate and inform all humans of your choice this, but there is no guarantee that ignorance isn't in the heart of who you inform.

We are Spiritual TheoGlauxologists

Many will look upon this and give it a label, as much as I do not care for labels, as I see it as divisive, the official label given by me shall be *Spiritual TheoGlauxology*, for our beliefs are the belief in the spirituality of Owls and their symbolism for wisdom, and how they message us within our dreams to alert the chosen of their position, acknowledge that reading this may result in a dream of a giant owl, that does not define that you are chosen, but instead it's the beliefs you hold alongside the dream that prove you are a chosen one, for short, our names are the *Growth Glaux's* For we are ever growing our wisdom.

3

Do we have a belief for life after death? Or what created us?

The answer to this is no, to be a Growth Glaux is to know that sometimes there is no knowing, we shall never know what brought us here and how, or if there may be life after we face death, The Owl's are meant to bring wisdom to the reality of this world, not to believe in a set beginning or end, The Spiritual Ability of the *Gigantis Glauxsomnia* (The Giant Owls that appear in dreams of the chosen) is unknown to even me, other than its purpose to alert future growth and wisdom of this nature, it could be revealed possibly to either me or someone else after I pass, for we leave no room for corruption from those who seek to claim an Idea of our beginning or end, unless deemed logical by the submission of your idea by what shall be our version of a bishop known as a *Glaux Church Co-Presidency* or *GCCP* for short, who shall submit it to the *Glaux Church Presidency* who shall submit it directly to me for review, after I pass, The One Deemed Chosen by a democratic choosing by all within the church shall be responsible for Idea

Reviewing, and can be demoted at any time deemed contradictory to our teachings. The GCCP and GCP can and will reject any idea that is fallacy or ignorance if it's not deemed such due to a GCCP or GCP bias. Ideas deemed worthy shall be official, which anything deemed official shall be doctrine, this goes for me as well, if an Idea of mine is unworthy, it shall not be made official doctrine, but more as a Side-Idea, which is unofficial doctrine for consideration only, never to be deemed official until proven worthy.

A Call to Witnesses of the Gigantis Glauxsomnia and Owls

If you experience a Gigantis Glauxsomnia within your dream, or owls in your times of question, ask me or a GCP or GCCP about it. It will be proven to be genuine if you are genuine, You Shall be Deemed An Heir Chosen, it will be deemed false if it is proven contradictory or bias, and you can possibly be deemed a Temporal Pseudoist until reviewed by The Chosen.

4

Member VS Heir Chosen

Members are those who have chosen for the time being to not be deemed heir chosen and can decide at any time to change their mind, The Heir Chosen are candidates for who shall be the next chosen via a democratic vote from all the church.

The Concluding of this Sacred Text

This is how our church shall be, from beginning to end, I say this in all things Genuine, that this text shall conclude here, Keep Growing, Our Powerful Glaux.
